

**In Schools Where ECO Classrooms (Environmentally Safe Classrooms) are in Use, This is what has been Found:**

- 1) Increased attendance. If people feel better they go more often.
- 2) Increased academic ratings. C's go up to A's or B's.
- 3) Decreased allergies and secondary infections.
- 4) Decreased need for home teaching.
- 5) Decreased need for special classrooms, resource rooms, and resource teachers.
- 6) Decreased stress on students, teachers, parents, etc.
- 7) Increased well being for students.
- 8) Decreased school expenditures
