Mr. Stephen Clancey,

After telephone conversations with Mr. Paul Cable and Ms. Barb Doucette on Thursday, June 24, 1993, we are making a formal request to make a presentation at the July 20, 1993 Halifax School Board meeting.

We are a group of individuals consisting of parents, teachers, and health professionals who are concerned about environmental safety within the schools.

We would like the opportunity to present information germane to the health of your students and staff.

Enclosed is a tentative schedule of our presentation. We realize it takes time to make changes. This may seem like an enormous task, but in working together we are confident change will occur. We wish to work with you and be part of the process. We anxiously await your response. Should you need further information please contact Corinne Harland, 443-6237.

Sincerely,

Corinne Harland
