

Commissioned (*unpaid*) Reports

Following is a *partial* list of reports of which **Karen Robinson** was the author, or primary author. She prepared several at the request of the NS Department of Education and others.

- ❑ **Task Lists for Healthy School Design and Construction.** Principal Author. 2001. Said by Department staff to be "The most important document that has been in the Department of Education Facilities Planning Division for a long time." This document is being used to guide the building of the new Mainland North High School and is being largely incorporated into the Design Requirements Manual for the building of all future new schools in the Province.
- ❑ **The Healthy School Goal in the Cafeteria and Food Labs.** March 2002 (*requested by Dept of Education for in-house use*)
- ❑ **Healthy School Information relevant to Furniture, Fixtures and Equipment (FF&E) Selection.** March 2002 (*requested by Dept of Education for in-house use*)
- ❑ **Portable Air Filtration Devices.** February, 2002. (*requested by Dept of Education for in-house use*)
- ❑ **Recovery of (Mould-Exposed) Library Books and Textbooks from Halifax West High School.** July, 2001 (*prepared at the request of the School Steering Team for Halifax North Mainland High School*)
- ❑ **Multiple Rooftop "Package" Ventilation Units as Compared to Enclosed or Penthouse Ventilation Systems for Schools.** January 20, 1999 (edited for website, February, 2001) (*requested by Dept of Education for in-house use*)
- ❑ **Research into options for School Product Choice: Evaluation Processes for School Cleaning and Maintenance Product Selection.** 1999. (*Prepared for the Halifax Regional School Board Product Evaluation Committee.*)
- ❑ **Recommendations on Pre-Occupancy Reviews for New School Buildings.** March 1999. (*requested by Dept of Education for in-house use*)
